

# Celebrate Easter

Easter is the time of springtime festivals and welcoming back the tulips, the crocuses and daffodils. Its a time of new suits, new dresses and patent leather shoes. This is also a time of chocolate bunnies, marshmallow chicks and colored eggs!

All over the Northern hemisphere, the customs of the Easter season are more or less alike. The Lenten penance and fasting; carnivals, egg exchanging, eating, decorating and egg hunts, Passion Plays and Easter parades.

This year, make Easter a time to remember with Andy Mirkovich Productions. Whether it's an Easter brunch or an Easter egg hunt for the kids, we can help you put together a great event. Your guests will have a great time and compliment you on the success of your event.

Keep us in mind! We look forward to helping you put together an unforgettable Easter celebration.
